

## Client

Ministry of Environment/UNDP in Lebanon  
 United Nations Development Programme - SMAP European Union Programme

## Location

Lebanon and Syria

## Date

Oct. '06 - Jun. '07

## Project Description

ELARD was hired by UNDP and MoE to implement 7 audits to SMEs in the olive sector in Lebanon and 12 in Syria, mainly olive pressing mills and complementary industries. ELARD supported the client in identifying a pilot facility and conducted a feasibility study for the pilot facility. ELARD is also responsible to develop the legal texts to establish compliance requirements, a monitoring strategy, as well as a capacity building program for the SMEs and other relevant stakeholders.

## Scope of Work

- Feasibility study for the seven SMEs in the olive sector
- Quality modernization review and improvement strategies for milling processes
- Establishment of compliance mechanisms at the institutional, legal and technical levels
